what the Chair ruled, and stand by what the Chair ruled. That is why we elect a Speaker. That is why we have the motion. That is why we ask these questions, and in the Chair's opinion, in the Chair's opinion on this issue it is not germane. If he would have ruled the other way, I would not have used those arguments that is being used. I would have accepted the ruling because that is why we elected Senator Barrett to be in that Chair. So I would say to you, fellow senators, I would say to you, let's uphold the Chair. We elected him. I think he is being fair, so I ask you to vote not to overrule the Chair. Thank you, Mr. Chairman.

SPEAKER BARRETT: Thank you, Senator Haberman. Inasmuch as the Chair may also speak to the issue of overruling in preference to members, I would also suggest, or I would suggest to you that as long as this individual is in the Chair no decisions will be made on the basis of personalities or issues. The decisions made will be to the best of my ability, the way that I think they should be made. I would further add that if I didn't mention it before, and these issues hit very rapidly, you must understand the new section offered by Senator Schmit amends 8-820, the bill itself refers to 8-815 and 8-821, not the same sections.
